Instructional Support

The Robeson library faculty is available to teach library research classes. The library and electronic resources pertinent to research in your area will be emphasized. Instructional services we provide include:

- Customized handouts for your class.
- Assistance with designing library related assignments for your syllabus.
- General orientation sessions to the library and our resources.
- Assistance with placing materials on reserve. Electronic reserve for materials is also available.
- Ordering books in support of course work.
- Access to our electronic classroom.
- Assistance with obtaining films.
- Online form for students to set up an individual consultation meeting with a library faculty member.
- Online subject guides to information resources.

Research Support

- Research consultations at your office or in the library.
- Assistance with establishing access to our full text and bibliographic databases from home.
- Assistance with current awareness services such as *ingenta* (formerly UNCOVER Reveal)
- Assistance with Interlibrary Loans and Rutgers Request Services (RRS). Help with Direct Document Delivery available for selected scholarly publications.
- Citation verification assistance.

Institutional Support

- Help with department or college accreditation and studies.
- New program development.
- Assistance with citation checks for promotion and tenure evaluation.
